Product Description

Encore Arrow Electric ES42L3 Zero Turn Mower

The Arrow Electric ES42L3 Zero Turn Mower combines modern electric performance with rugged construction, powered by a 2.7 kWh 51.2V LFP lithium-ion battery known for exceptional safety, long cycle life, and consistent power delivery. Its 4.3" interactive LCD display keeps operators fully informed with real-time updates on battery status, runtime, speed settings, and system diagnostics, ensuring confident and efficient operation. Designed for precise cutting control, the mower features a 7-position deck height adjustment, enabling easy transitions from low, detailed trimming to higher lawn profiles using a quick lever-operated system.
